# Mikio Plugin Elements

## Accordion

### Item 1

The is some content inside accordion 1

### Item 2

Here is some more details

### Item 3

and this is the last one!

```
<accordion>
<accordion-item title="Item 1">The is some content inside accordion
1</accordion-item>
<accordion-item title="Item 2">Here is some more details</accordion-item>
<accordion-item title="Item 3">and this is the last one!</accordion-item>
</accordion>
```

## Show item

### Item 1

The is some content inside accordion 1

### Item 2

Here is some more details

```
<accordion>
<accordion-item title="Item 1">The is some content inside accordion
1</accordion-item>
<accordion-item title="Item 2" show>Here is some more details</accordion-
item>
</accordion>
```

## Text alignment

### Item 1

The is some content inside accordion 1

[Item 2](#)

Here is some more details

```
<accordion>
<accordion-item title="Item 1" text-center>The is some content inside
accordion 1</accordion-item>
<accordion-item title="Item 2" text-right show>Here is some more
details</accordion-item>
</accordion>
```

## Shadow

[Item 1](#)

The is some content inside accordion 1

[Item 2](#)

Here is some more details

```
<accordion shadow>
<accordion-item title="Item 1">The is some content inside accordion
1</accordion-item>
<accordion-item title="Item 2" show>Here is some more details</accordion-
item>
</accordion>
```

## Types

[Item 1](#)

The is some content inside accordion 1

[Item 2](#)

Here is some more details

```
<accordion shadow>
<accordion-item title="Item 1" primary>The is some content inside accordion
1</accordion-item>
<accordion-item title="Item 2" danger>Here is some more details</accordion-
item>
</accordion>
```

## Alerts

A simple primary alert - check it out!

A simple secondary alert - check it out!

A simple success alert - check it out!

A simple danger alert - check it out!

A simple warning alert - check it out!

A simple info alert - check it out!

A simple light alert - check it out!

A simple dark alert - check it out!

```
<alert>A simple primary alert - check it out!</alert>
<alert secondary>A simple secondary alert - check it out!</alert>
<alert success>A simple success alert - check it out!</alert>
<alert danger>A simple danger alert - check it out!</alert>
<alert warning>A simple warning alert - check it out!</alert>
<alert info>A simple info alert - check it out!</alert>
<alert light>A simple light alert - check it out!</alert>
<alert dark>A simple dark alert - check it out!</alert>
```

### Links are colour matched

A simple primary alert with an [example link](#). Give it a click if you like.

A simple secondary alert with an [example link](#). Give it a click if you like.

A simple success alert with an [example link](#). Give it a click if you like.

A simple danger alert with an [example link](#). Give it a click if you like.

```
<alert>A simple primary alert with an [[wiki:syntax|example link]]. Give it
a click if you like.</alert>
<alert secondary>A simple secondary alert with an [[start|example link]].
Give it a click if you like.</alert>
<alert success>A simple success alert with an [[http://apple.com/|example
link]]. Give it a click if you like.</alert>
<alert danger>A simple danger alert with an [[start|example link]]. Give it
a click if you like.</alert>
```

### Additional content

# Well done!

Aww yeah, you successfully read this important alert message. This example text is going to run a bit longer so that you can see how spacing within an alert works with this kind of content.

---

Whenever you need to, be sure to use margin utilities to keep things nice and tidy.

```
<alert>
<heading>Well done!</heading>
