Deadly Digital Communities

Deadly Digital Communities

State Library of Queensland has partnered with Telstra to help address the digital inclusion gap for Aboriginal and Torres Strait Islanders in Queensland. The Deadly Digital Communities Program encourages Aboriginal and Torres Strait Islander people to dream big through digital literacy to create and unlock new opportunities and new possibilities for themselves and their community. The current program is offering community-based digital literacy and technology training through Indigenous Knowledge Centres and public libraries across 5 local government areas in Queensland.

Contact

Indigenous Knowledge Centres participating in this program, or for more information on the program, contact Louise Hunter, Indigenous Services at ikc.rlq@slq.qld.gov.au or 07 3842 9962

For Public Libraries participating in this program, please contact Local Government Coordination for support and advice at lgc@slq.qld.gov.au or 07 3842 9058

Resources

Training Materials

The Digital Literacy wiki contains Web Resources - ICT Training links to various websites, including Telstra and Microsoft, which contains a lot of diverse training topics for a wide range of ages and abilities.
