

Clip Circuit Electrolab

SLQ Wiki Fabrication Lab 2024/10/09 07:07

Clip Circuit Electrolab

Create up to 80 electronic experiments completely solder-free. Just snap together the components, each colour-coded to show the direction of current flow. Create inventions as varied as doorbells, alarms, flashing lights, flying fans and sound effects.

Recommended Ages	Year 2 to Year 7 (ages 7 to 12)
Product Cost	80 experiment kit - \$35 per unit
Where to Purchase	Electrolab kits can be purchased from Shop of toys or Mad about science

Loanable Kits

State Library has kits of this item available for loan to libraries within the Regional Libraries Queensland and Indigenous Knowledge Centres network. Libraries can place a reservation through the Aurora catalogue (availability is subject to existing reservations, loans and associated return dates).

The kits are for use by patrons within the library only, as part of supervised library programming. They will not be listed in the public online catalogue for personal reservation.

Please contact [Access Services](#), or phone 07 3842 9014 with any queries.
