

Storytelling with STEM

SLQ Wiki Fabrication Lab 2026/04/12 19:46

Storytelling with STEM

Readers become engineers by introducing a STEM component to classic fairy tales. Help the 3 bears by building a chair using STEM principles, so that even Goldilocks can't break it! The kit lets children discover that STEM can apply everywhere, even to one of their favourite fairy tales! Kits are also available based on The Three little pigs and The Three billy goats gruff.

Recommended Ages	Pre-school - year 1 (ages 3 to 6)
Product Cost	\$120 per unit
Where to Purchase	Kits can be purchased from Modern Teaching Aids

Loanable Kits

State Library has kits of this item available for loan to libraries within the Regional Libraries Queensland and Indigenous Knowledge Centres network. Libraries can place a reservation through the Aurora catalogue (availability is subject to existing reservations, loans and associated return dates).

The kits are for use by patrons within the library only, as part of supervised library programming. They will not be listed in the public online catalogue for personal reservation.

Please contact [Access Services](#), or phone 07 3842 9014 with any queries.
