**HERE LIES THE ENTRY FOR A DESIGNED THING**

<b>Full Name:</b> Hyunjoo	
<b>Provide the link or name of the Imagined Thing from The Well you are responding to?:</b>	#67. Glitch: <a href="https://wiki.slq.qld.gov.au/doku.php?id=engagement:grampus:grampuslandonline:rrldev:thewell:imaginedthing67">https://wiki.slq.qld.gov.au/doku.php?id=engagement:grampus:grampuslandonline:rrldev:thewell:imaginedthing67</a> & #69. The Great Darkness: <a href="https://wiki.slq.qld.gov.au/doku.php?id=engagement:grampus:grampuslandonline:rrldev:thewell:imaginedthing69">https://wiki.slq.qld.gov.au/doku.php?id=engagement:grampus:grampuslandonline:rrldev:thewell:imaginedthing69</a>
<b>What is different about your idea from the original Imagined Thing?:</b>	We have expanded the glitch idea and invasive fungi part respectively.
<b>What is similar or inspired by the Imagined Thing:</b>	These special-effect / sculptural concepts are being conjoined to form an immersive, forest environment imagery of mushroom and mycelium with glitch effect.
<b>Provide a brief update on your progress:</b>	In Digital Fabrication Team, I have assisted in the mushroom's prototype making process by vectorising the shapes in PDF (exported from SketchUp) into AI file; this optimised the laser cutting process. In Projection Team, I have experimented with After Effects animation to come up with the initial floor projection: <a href="https://drive.google.com/file/d/1JyeoS1Wn9XNZCeMBoywEqqMNDAS1z0Qz/view?usp=sharing">https://drive.google.com/file/d/1JyeoS1Wn9XNZCeMBoywEqqMNDAS1z0Qz/view?usp=sharing</a>
<b>What new thing did you learn as part of the process:</b>	I have gained basic understanding of preparing vector document for laser cutting, as well as using After Effects & MadMapper.

Your files can be found here:
