Bad half is under - could be half-own half breast
creature - back half very clean & fine skin
could be interpreted as snow-like crystals of a
quiescent winter - his back half is made of snow crystals

No Name solitary forgotten little name
unrelated to people - on his own looking
and a good thing to be on your own
Board - errors
with
about the second
says something
Said say his name...
Oh! Back to the
Mistral to leave
Very d! Shows that some
but is more than
? out?

For finding
clearing board

Back of him
slide of ice crystals
this when the back is dropped
The state not that but is important

Backs possibly not required
any more
May-???

Backs
under eyes
away - not sure

Backs
well found from hard work
big muscles for going up mountain
and purposeful

Backs
Expected
to be alive without anyone
is it but they are important

Exposition!
what his name → identity
where he came from
what will happen if he returns from

Names - feelings - emotions what music

Some people feed off other people
and we become scared of them if
they get forced away to live in the cold
with others

Feeling - his back, alone, solitary (become solitary?)
perhaps abandoned - didn't he have a sister
- he's unwanted, angry, quite depressed, quite resigned, upstated
- gets a voice to himself with the pathos and delight and
children love

name - lost at times - heavy - not sure - alone - lonely - lonely - lonely
reflective and hopeful as he has memories of people surrounding
happy, perfect youth - recalling a joyful boy/girl (his/girls)
original creature who felt like a very little one that joyful
childlike creature was snatched away → no more desire
know how it was like
