Back half is unclear - could be half-normal half breast  
 creature - back half very clean & fine skin  
 would be interpreted as somewhat aspects of a  
 Swedish winter - his back half is made of snow crystals

No Name solitary forgotten till name  
 introduced to people on his own looking  
 not a good thing to be on your own  
 long

Back half errors  
 with  
 about the second  
 says something

Oh! Back half  
 Normal to leave  
 Very dt shows that some  
 had to come from

Very dt ?  
 ?

Back of him  
 side of ice crystals  
 that when the back is dropped  
 It does not look that is important

Back  
 estimates possibly not required  
 any more  
 May-??

Back  
 under eyes  
 many - not sure

Back  
 well formed from hard work  
 big muscles for going up mountain  
 not purposeful

Back  
 Good  
 to be alive without anyone  
 is it but they are important

Expression  
 what his name → identity  
 where he came from  
 what will happen if he returns from

Theme - feelings - mistakes what more

Some people feed off other people  
 and we become scared of them if  
 they get forced away to live in the cold  
 wilderness

Feeling - no love, alone, country (leave someone?)  
 perhaps abandoned - didn't he have a wife  
 - he's unloved, angry, quite depressed, quick to judge, impatient  
 - puts a veil on himself with the pathos and delight of  
 children love

name - was at times heavy - not sure about first - historical source;  
 reflective and hopeful as he has narrative of recent experience  
 happy, perfect youth - recalling a joyful boy/girl/love/girl  
 original character who felt like a very white one that joyful  
 childhood experience was snatched away → no more recall  
 how heavy it was that
