Back half is unclear - could be half-normal (half breast)
 creature - back half very clean & fine - like
 would be interpreted as somewhat aspects of a
 Swedish winter - his back half is made of snow crystals

No. Name solitary forgotten till name
 introduced to people on his own looking
 and a good thing to be on your own since
 you're long

Back half error
 with
 you're the second
 says something

Oh! Back half
 Normal to leave
 Very dt shows that some
 had to come from
 out?

Back of him
 side of ice crystals
 that when the back is dropped
 It's not that but is important

eyes
 under eyes
 many - not sure

Back half
 well formed from hard work
 big muscles for going up mountain
 not purposeful

Back half
 to be alive without organs
 is it but they are important

Episodes
 what it's name → identity
 where he came from
 what will happen if he returns from

Names - feelings - mistakes what more

Some people feed off other people
 and we become scared of them if
 they get forced away to live in the cold
 wilderness

Feeling - no love, alone, lonely (leave solitary)
 perhaps abandoned - didn't he have a sister
 he's unloved, angry, quite depressed, much regret, - picture
 - felt a void in himself with the pathos and delight and
 children love

name - was at times heavy - reason - alone first - historical source;
 reflective and hopeful as he has memories of peaceful surroundings
 happy, perfect youth - recalling a joyful boy/girl (his youth)
 original creature who felt loved & very calm and that joyful
 childhood existence was snatched away → no more recall
 how heavy it was that
