

# Saturday Arvo Crew Forum

SLQ Wiki Fabrication Lab 2026/01/12 09:03

## Saturday Arvo Crew Forum

Welcome to the community forum for participants to join in with discussion and feedback.

## Rules of engagement!

Please keep in mind the State Library of Queensland's [Policies and Guidelines](#).

Add to a thread discussion by hitting '**reply**' if you want to continue that particular topic of conversation, or start a new post for something not already being discussed by entering your comment in the field at the end of the forum.

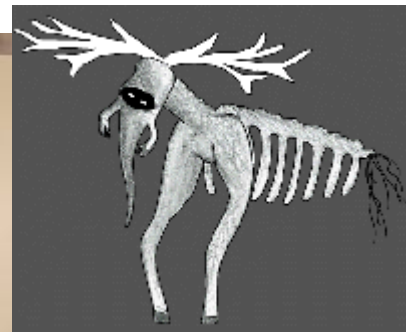

Some of the topics you might want to discuss as part of this project include;

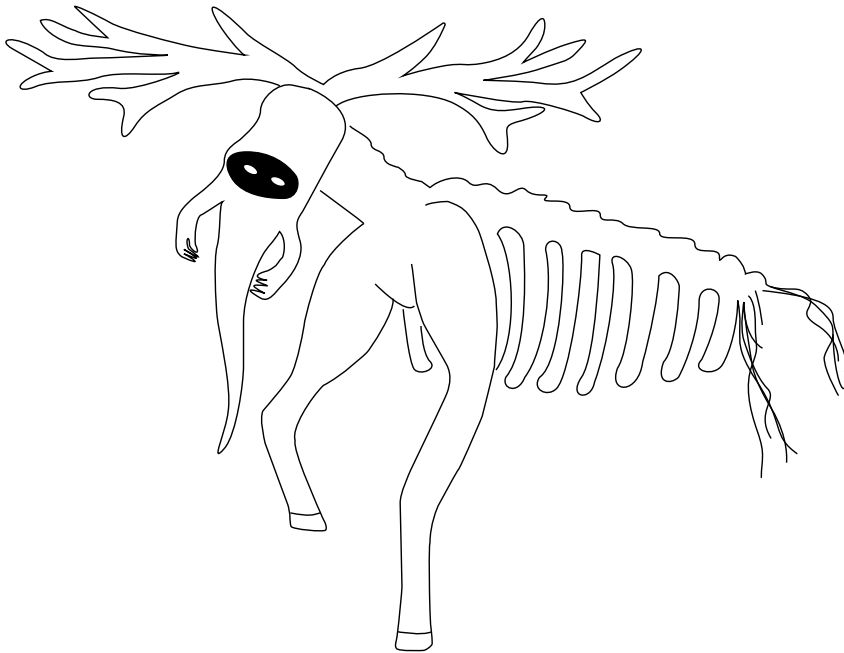

- Have you thought about the story behind your 'designed thing'
- What type of noises would your thing make
- How much involvement in the physical making of things you would like to be involved in for this project

## Diane's post

Diane has also been working away on some designs and here are some thoughts on design done in collaboration with others. These files include stories, constructions and animations.
