What did you think was successful about the workshop?

- Students were keen to dive in and explore and create with the materials

What did you learn about the workshop?

- Students learnt about gravity, cardboard texturing, paper texturing, planning vs free play and experimenting with materials

Can you share any ideas for future implementation?

- If free creating more time for spirits is needed, we allocated an hour, but extended to an hour and 45mins, 2.5 hrs would be better

Are there any immediate actions arising from this workshop?

not from a participant but i was very entertained by myself [Mick] when i said that "pegs are a thing - only cavemen hold things with their fingers"
