

QCWA

SLQ Wiki Fabrication Lab 2024/10/15 18:00

QCWA

We invited QCWA to come in for a tour and an induction. 5 women attended. 3 from South side and 2 from North side.

The Plan

Meet in the foyer and tour the whole of The Edge

In the Fabrication Lab see the laser in action

Do a handtools induction.

Materials

See handtool induction

Reflection

This group of 5 was very vibrant and shared how QCWA has a great many working members. They hold evening meetings in the city and in areas as well. This is why only a small number came along to this session. They requested a link to sign up to the newsletter as well as more information on the courses run in the Digital media lab.
