

Men's Sheds Session 1

SLQ Wiki Fabrication Lab 2026/06/11 10:25

Men's Sheds Session 1

During this session 4 men from Sunnybank and Logan came in. 2 men were new to The Edge.

Preparation

Materials needed

Hand tools induction paper work as well as tools and materials for it.

The Plan

Welcome Men's Shed in the foyer. Short tour of all the spaces as there are some new men joining.

Head to the Fabrication Lab

Handtools induction framed as 'trying it out' since these individuals are already experienced with tool use (but still need to get the paper work done).

Reflection
