## The Main Story

ATTENTION: PLEASE READ THIS NOTICE PRIOR TO ENTRY

Unheard stories are everywhere if you know where to look, my friends. Hiding in the empty fairy-wren's nest from last season. Pulling faces from the brim of your cricket cap. Once I found an Unheard story stuck to a wad of gum on the underside of a school desk. Its heart trembled when I cupped it in my hands.

I am the collector of hidden tales. It's very tiring. I have to turn everything upside down to find them. You'd think grown-ups would be grateful. So what if the ceiling fans are a little dangerous whirling around on the floor?

And there was that one time, I flipped the river. Everything got wet and everyone had to be punted around in boats but you should have seen the stories that floated up.

As a matter of fact, I'm about to create a rumpus at the library. I bet some hidden gems will shine. The grown-ups are panicking. They're sticking everything down with safety tape and waving umbrellas. Maybe you can help? For every Unheard Story you find, I'll spin the library a fraction until it's the right way up again. Do we have a deal, my fellow seekers?

Yours in keeping.
