

Youth Outreach Session 1

SLQ Wiki Fabrication Lab 2026/01/18 17:58

Youth Outreach Session 1

Albert Park will begin with a tour of The Edge spaces ending up in the Fabrication Lab.

During this session 4 men from Sunnybank Men's Shed (previously engaged during OLA) will also be coming in and heading straight to the Fab Lab.

Preparation

Cold water

Buy some cookies, as well as some tea and coffee.

Materials needed

Laptops

Music

Hand tools induction materials.

Plasticine

The Plan

Albert Park to have tour with Peter and then do a hand tools induction with Emma (with Peter to assist)

Whilst this is happening Men's Shed grab a cuppa and then set up on laptops and begin working digitally using Inkscape.

These skills will be used to make a detail for the the Kaiju and then they will apply these skills in later weeks to make sign numbers for their community.

1. Handtools
2. Plasticine- then straight into working with cardboard to create the facial detail they are working on.

(if digital tools interest exists: Tinkercad- Meshmixer- 123d)
