Electronics Bench Small Parts Storage

We use Montague boxes for all our small parts. Some of these have 3D printed inserts.

We use a simple categorization system consisting of hand-written labels on the boxes and colour-

		Examples
	CONSUMABLES	Wire Solder Heat Shrink Tape
	MECHANICAL COMPONENTS	Switches Buttons Potentiometers
	ACTIVE COMPONENTS	Integrated Circuits Transistors Intelligence Switching
	PASSIVE COMPONENTS	Resistors LEDs Capacitors Inductors Diodes
	MODULES	Computing Raspberry Pis Arduinos MP3 Players
	TOOLS	Cutting (De-)Soldering Gripping Stripping Driving

coded stickers, cut on the vinyl cutter.

You can find a poster for the wall and all the cutting files here:
