

When you are cutting your job

SLQ Wiki Fabrication Lab 2025/10/07 20:57

When you are cutting your job

- Are you and (everybody in the room) wearing your PPE?
- Are you and (everybody in the room) standing behind the yellow safety line?
- Are you alert and ready to hit the emergency stop if required?
- Are you ready to hit the pause button to clear debris?

DO NOT GO NEAR THE SPINDLE UNTIL YOU CAN CONFIRM IT HAS STOPPED SPINNING
