

The Edge

SLQ Wiki Fabrication Lab 2026/05/01 19:04

The Edge

The Edge is State Library's space for creativity, ideas and experimentation.

For the latest information on access to The Edge always check the [State Library Website](#)

Open Lab Resources

Here you will find resources to help you with your projects at our Open lab sessions.

[Open Lab Resources](#)

Inductions

Here you will find info on our equipment inductions, including resource links.

[Inductions](#)

Public Workshops

Here you will find a range of the public workshops delivered at The Edge.

[Public Workshops](#)

Prototype Workshops

Here you will find many of the prototype workshops that have been developed at The Edge which might help you with your projects.

[Prototype Workshops](#)

Trial Workshops

Here you will find workshops that may have been trialled but are still incomplete or untested, still lots of useful resources.

[Trial Workshops](#)

Engagement

The Edge has run many successful community engagement projects, from regular meetups to large projects.
