HERE LIES THE ENTRY FOR AN IMAGINED THING

This is a thing imagined by Jasmine, aged , on Thursday July 8

The full name of this thing is: The Great Darkness

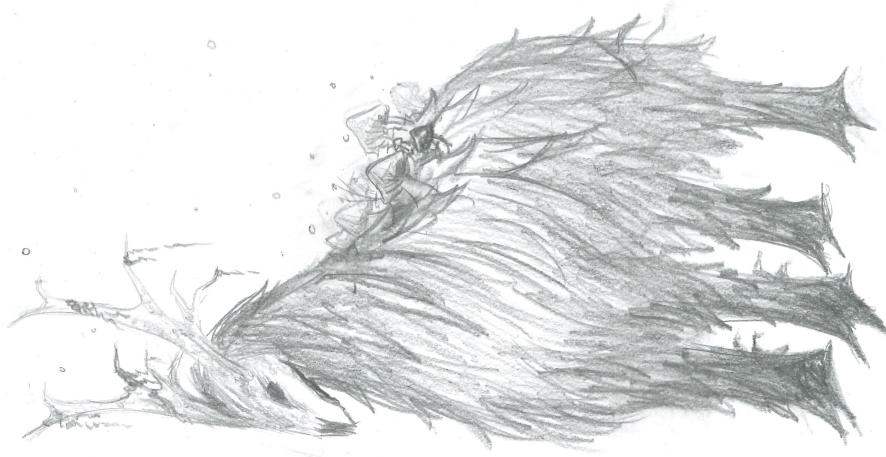

It can be found in: The Black Forests (the dark part)

It is known that: They came to be when a drought killed a lot of livestock and a farmer had one wish. He wished for his cattle to come back to life. Unfortunately, this meant that the skeletons came back to life. They moved to the forest when the farmer abandoned them, and fungi began to grow on them. Their skills differ, so do the colour of the fur and the types of fungi.

This thing has three important features: The fungi growing on its back, Green fur all over their body , and Its black, tree-stump like legs
