| Full Name: | Elise |
| Provide the link or name of the Imagined Thing from The Well you are responding to?: | @@Provide the link to the Imagined Thing from The Well you are responding to?@@ |
| What is different about your idea from the original Imagined Thing?: | My design is not entirely based off of the exact drawing the child drew, the design tells the story that the child told about their drawing. |
| What is similar or inspired by the Imagined Thing: | It is inspired by the story the child told and is still a cow like the child drew |
| Provide a brief update on your progress: | I have sketched and made a cardboard prototype, my design has been chosen to be used in the great and grand rumpus so I have started to redesign some aspects and think about how it will be made in such a large scale. |
| What new thing did you learn as part of the process: | I learned how to work with cardboard. I have used cardboard before, but doing this prototype has helped me to see the capabilities of cardboard. |
